THE PRODUCTS
YOU NEED.
THE BRANDS
YOU TRUST.

Here For You Before, During, And After The Sale...

Since 1999, IAC has been a premiere preferred manufacture representative. The specialist who understands the importance of precision and reliability across various industries. Our services are designed to help brands maintain their reputation for excellence. Our highly skilled technicians possess extensive knowledge and experience in the field of instrumentation. Trust us to deliver exceptional service and support your needs.

Services we provide:

- Service for several brands of instruments
 - Flow
 - Level
 - Temperature
 - PH
 - Turbidity
- NIST/ISO 17025 Traceable Calibration
- Certificates of Calibration Issued for Traceability
- Setup & Troubleshooting
- Site audits for Process Automation Enhancements
- Service Contracts and Emergency Service
- Gas Detection
- Sensor Calibration
- Turnaround & Shutdown Services
- Valve Automation
- Flow Meter Verification

Solutions

As your process solutions partner, managing project complexity is our forte. IAC provides solutions that allow us to leverage industry expertise, customize our services, and ensure compliance and safety. Delivering you innovative and cost-effective results.

- CAD Drawings
- Customized Water Analysis Panel
 - SWAS
 - Drinking Water
 - Industrial & Process Wastewater
- Flow Monitoring and Control Panels
- Chemical dosing and Metering Panels

Audience:
All quality control staff,
new hires and existing
technicians.

Delivery:
100% hands on
application learning
using our in-house
instrument training unit.

Duration:
Comprehensive and swift courses ranging
from one to multiday courses. Obtain an
IAC TECH certification upon completion.

Industry Leading Partners...

Instrumentation

FLOW

Thermal Mass, Non-contact Radar, Open Channel, Insertion Magnetic, Flare Gas

PRESSURE

Gauges, Transducers, Switches, DP, Gauge, Level, Hydrostatic, Remote Seals

TEMPERATURE

Transmitters, Switches, Gauges, RTD's, Thermocouples, Thermowells

GAS AND FLAME DETECTION

Combustible, Toxic & Oxygen, UV, UV/IR, Multi-spectrum IR

Analysis

LIQUID

Chlorine, Turbidity

Actuators

ELECTRIC

Multi-turn, Quarter-turn, Linear

PNEUMATIC

Rack & Pinon, Scotch Yoke, Damper Drives

GEARBOXES

Multi-turn, Quarter-turn

Valves

AIR VALVES

Air Release, Air/Vacuum, Combination, Surge Suppression, Vacuum Breaker, Well Service, Vacuum Priming

CHECK VALVES

Tilting Disc, Ball Check, Wager, Piston Lift, Silent

CONTROL VALVES

Severe Service DRAG Control Valves, General Service Control Valves, Globe, Rotary Globe, Cage-Guided, Sanitary, Pressure Regulators, Back Pressure Regulators, Variable Orifice

FITTINGS

Tube, Pipe, 37 Degree Flare JIC, DIN 2353, Weld, ZCO O-Ring Flange, Cone & Thread

GATE VALVES

Knife, Wedge, Parallel Slide, Variable Orifice, Isolation

QUARTER TURN VALVES

Ball Valves, Butterfly Valves, Plug Valves, Trunnion

Material Handling

AIR & GAS

Fans, Dampers, Expansion Joints, Dust Collectors, Ducts and Stacks, Air Pollution Systems, Electrostatic Precipitator Parts Installation Services, Fan Repair, Fan Vibration & Balancing Analysis

BULK MATERIALS

Drag Chain Conveyors, Screw Conveyors, Belt Conveyors, Fly Ash & Bottom Ash Conveyors, Control Gates, Volumetric Feeders, Gravimetric Feeders, Weigh Belt Feeders, Rotary Feeders Installation Services

Process Equipment & Filtration

H2 COOLED GENERATOR AUXILIARIES

Hydrogen Dryer and Automated CO2 Purge Package that can automate the degassing of your generator and speed the purge process to under 1 hour.

FILTRATION

Water Treatment Systems, Deaerators, Cooling Towers, Brine Treatment, Oil Removal. Filter Cartridges, Bag Filters Filter Housings, Parts, Retrofits

SEPARATORS

Vane, Multi-Cyclone, Centrifugal, Filter
